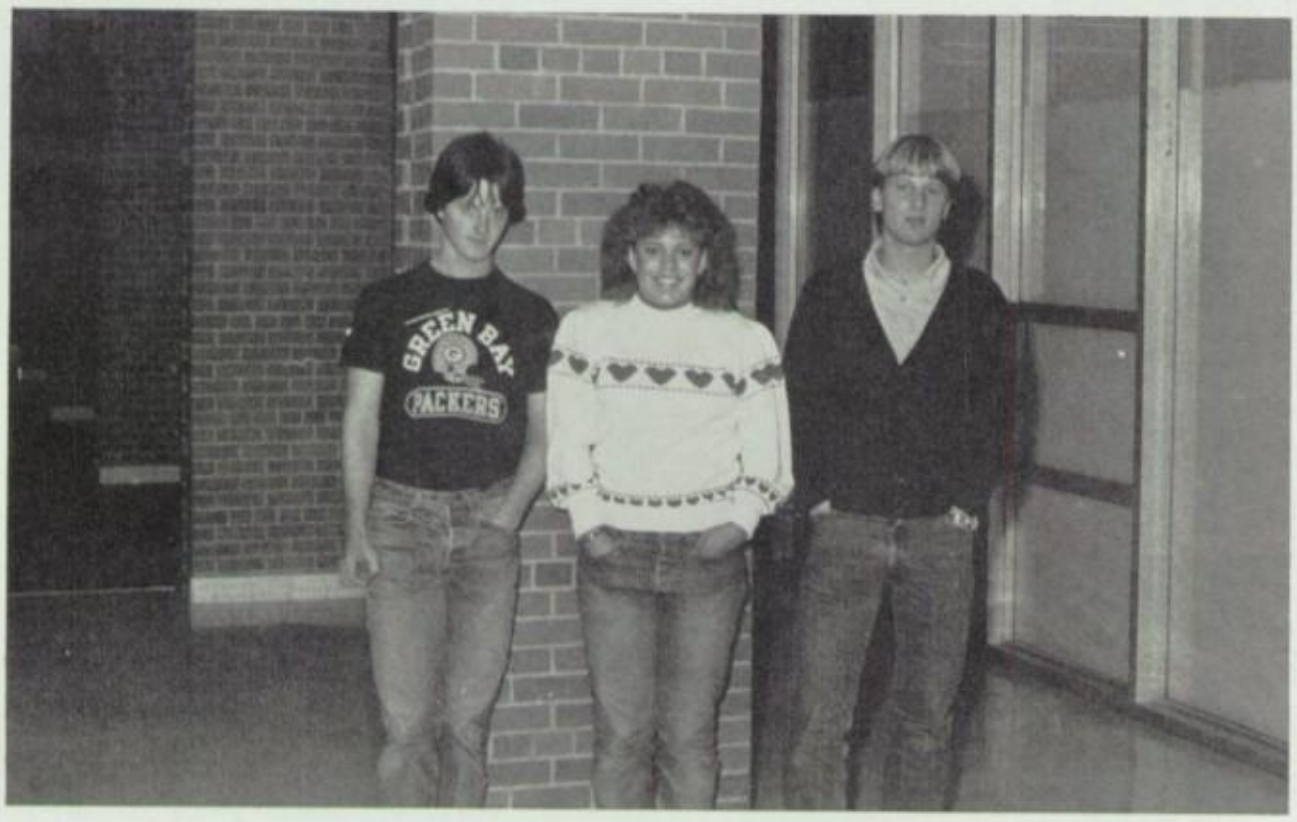
Valedictorian

This year's Valedictorian is Diane Kane. Throughout High School, she has been active in basketball, track and cross country. She has also been a member of the band and Jazz Ensemble as well as the National Honor Society and Porter Scholar at Beloit College.

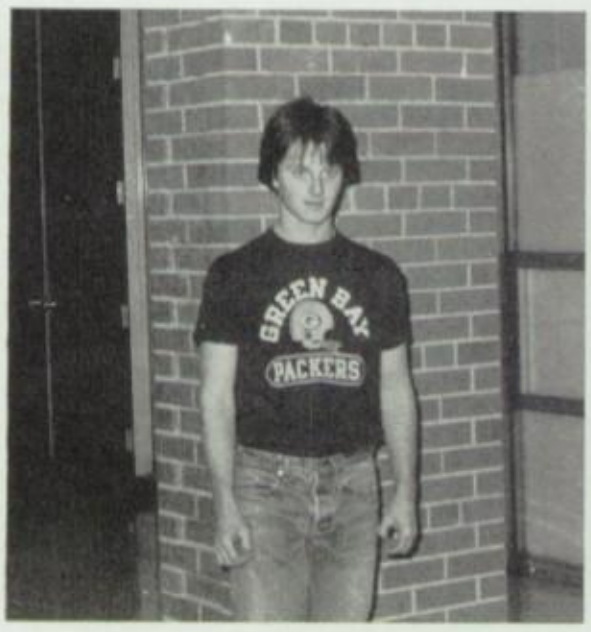
Salutatorian

The Salutatorian for this year is Kathy McKinney. She has been active in Pom Pon, Band, Jazz Ensemble, Drama and Forensics. She was also a Badger State Representative and a Porter Scholar at Beloit College.

Our Swedish AFS Students



This year our AFS club sponsered 3 students from Sweden: Goran Grell, Andy Wetche, and Eva Leven spent a year in Beloit.



I came to the U.S.A. because I have always wanted to come and see this country, and meet the people here.

I have really learned a lot about this country, and the people here have been so nice and friendly.

I want to thank you all for this lovely year in the U.S.A., and I hope I can come back some other time.

I sill also thank Jeff and Debbie Niman my American family, they have really taken care of me.

I have had a really fun and interesting time here in the U.S.A.

I came over here especially because I graduated last year and I know that I have to know the english language really good for the kind of job I would like to work with.

The people here have been really nice. I would especially like to thank my great family- the Waelti's-and the Turner high school for everything they done for me.

I want to thank everyone for making this year such a super year. I want to give a special thanks to the wonderful Paschke family. I came from the middle part of Sweden and have found the nature and climate is a lot like Wisconsin's.

I will never forget the experiences at Turner HS, like spirit week, Homecoming, Christmas week and being on the football team, which was a new sport for me. I'm positive I'm going to miss all of you and my biggest wish is that I can come back and visit all of you. Thanks for a great year!

Sarah Torkelson and Sandy Gutzmer are the ad editors.

The yearbook staff may seem to be unorganized and never call any meetings, but actually a lot does get done. Hard workers like Sarah and Sandy, who sold ads, and Shelly Lemm who helped Mr. Sklavos with photography, made this year a success. Of course, we can't forget our editor, Terrie Sonneson. You can make next year a success too, just talk to anyone on the Torch staff!

Another interesting formation.

Performing the school song.

The Pom Pon squad of '82-'83 demonstrated that they had much spirit during the season. They will have many memories of all the crazy times. There were the Tuesday and Thursday practices where much time was spent counting, laughing, learning, talking, planning and getting panicky about the next games performance. Besides performing at pep assemblies, the squad members decorated the lockers of the players with signs to boost spirit and sportsmanship with an anticipation of a victory. One difficulty the squad experienced was finding a place to practice. The final choice was the Middle School and Powers School. All in all it was a great year that will be remembered by everyone on the squad.

This years cheerleaders were divided up into two squads for football and three for basketball. They alternated cheering for JV and Varsity football, boys and girls basketball, and wrestling. The captains were Jennifer Conroy, Shelly Heyerdahl, and Julie Brockhus. The cheerleaders helped raise school spirit when we needed it most.

Laughter And Thought

The drama department, under the direction of Ms. Phillips, presented four one-act plays this fall. "Owl" is the title of the first play in which Brian Nichols attempts to purchase an owl. He is thwarted by a zany doctor and nurse, Mark Rempel and Jill Linkletter. In the end you find that Brian is the real kook when he turns into an angry owl! The second play, "Some of my Best Friends are Smiths", is a little more on the serious side. It shows how fear of the unknown causes discrimination and prejudice. Karen Bond, as Miss. Smith, is not allowed in an English hotel because of her last name. Lisa Sands, as Miss. Jones, supports her friend in the beginning, but her allegiance seems to shift without the audience actually knowing how. The "Children's Story" is strictly serious and provokes anger, deep thought, and frustration from the audience. It takes place in a future time after a Communist takeover. The new teacher, Heather Messerschmidt, takes over the class from the old teacher, Barb Sunde, and slowly brainwashes the children into the right way of thinking. Tom Pashke and Leslie Allen are the children the new teacher has the most problems with. This play is also the contest play for this year. They advanced from District to Sectional and then to State competition in Stevens Point. This is the fourth year that drama students have won this high honor and it has become a tradition at Turner. At the State meet on Dec. 3, they recieved a finalists award after an excellent performance. The forth play of the series is called "Foiled by an Innocent Maid". It is a humorous melodrama in which Kathy McKinney is grief stricken at the death of her grandson. The sweet and innocent maid, Sharon Mitchell, knows that the child is alive. Sandy Gutzmer is the hilarious elderly mother of Kathy and provides humorous moments to offer a great ending to an evening of laughter and of thought.

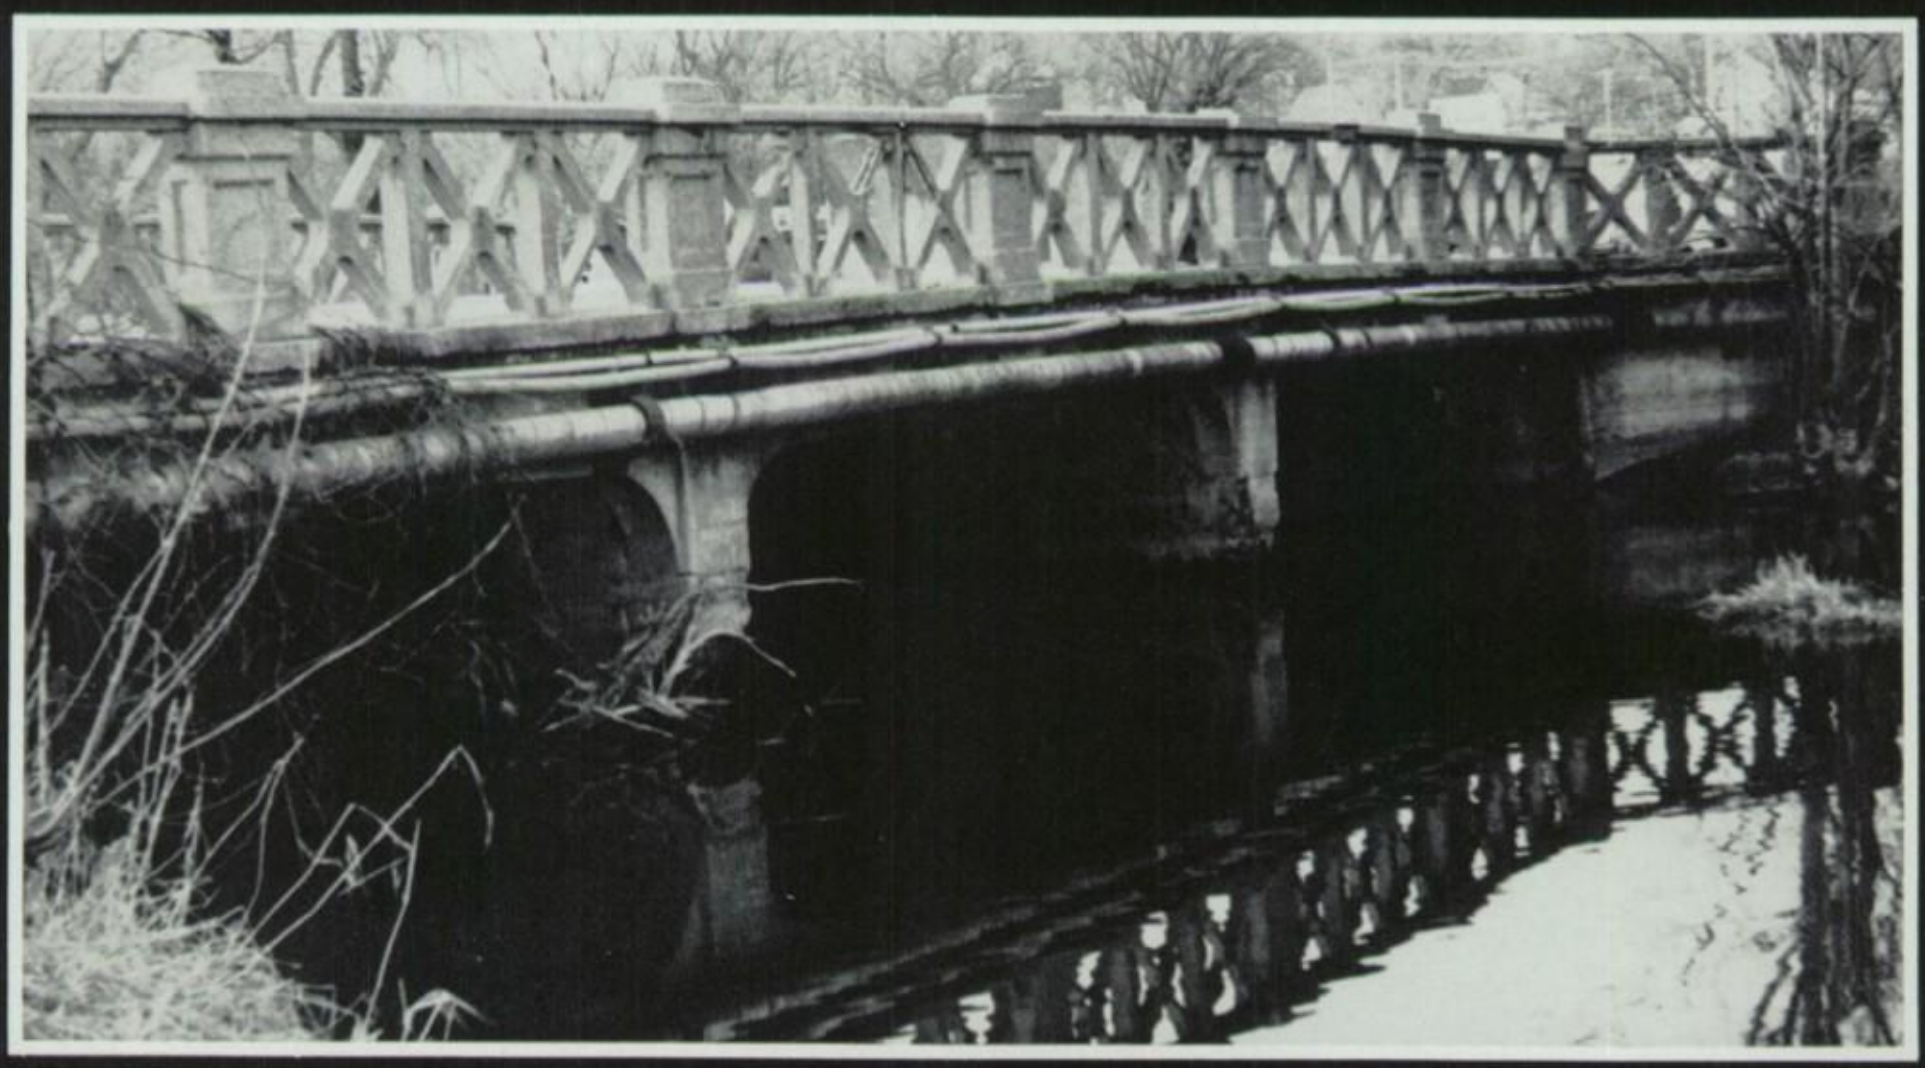
SCHOOL BUS

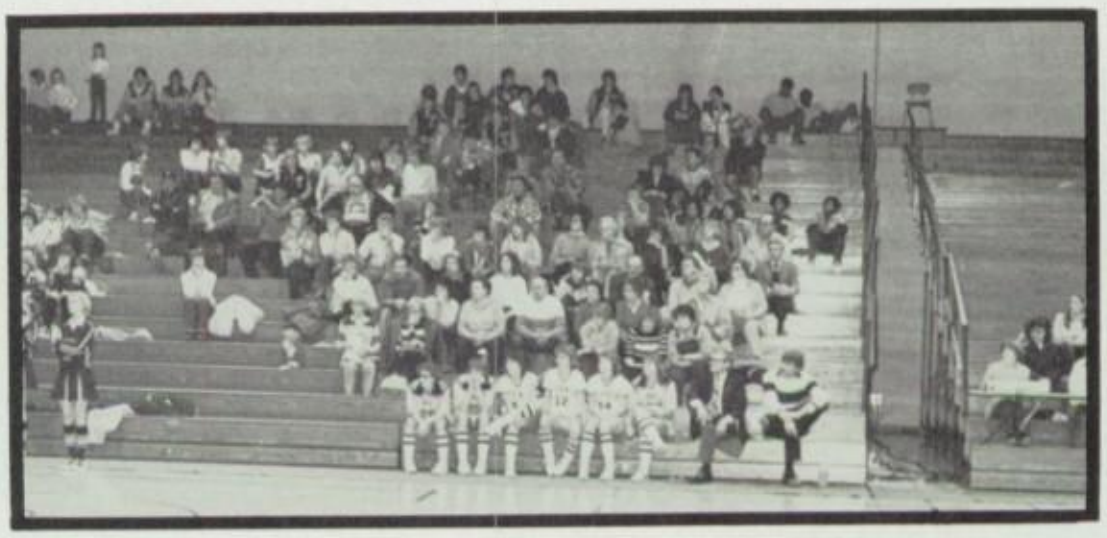


In the Journey through life, just going out of our own front door is dangerous business. We step into the road, and if we don't keep our footing, there is no telling where we might be swept off to. We choose our paths with great care or go where no path exists and leave a trail. Our hopes, our dreams and our ambitions lead us on our way with each of us searching for something a little different, and all of us searching for happiness. If by chance our paths cross somewhere along the way and we share a smile and a dream, we will each have made a friend.

With every breath and every step that we take, our journey through the portals of time continues. Freshmen become Sophomores; Sophomores, Juniors; Juniors, Seniors; and Seniors, Alumni. And so we follow the river of time as it flows into an ocean of years. The journey before us is still long, with many roads to be traveled, many lands to be seen, and many mountains to be conquered, before the sun finally sets and our journey comes to a close. "Author Unknown"

It is hard to believe the last deadline is due and the year is coming to an end. This year has been full of challenging experiences and unforgetable memories. I hope we have recorded most of them in this book for you. Although this book is not exactly what we always wanted or planned, I am sure sometime we will look back and remember some of the great times we had at Turner High. I want to thank Mr. Sklavos for his patience and for developing pictures, and a big thanks to Terrie who has a way of starting things. Classmates and teachers, I want to thank you for making my high school years very special. Good Luck in EVERYTHING you do!

Lora



As the year comes to an end, so does our 1983 Torch. This year was especially challenging because of our small staff and few meetings, but eventually everything fell into place. I'd like to say a special thanks to Sandy and Sarah, who were responsible for selling ads and doing ad pages. Without them we wouldn't have this book. I'd also like to thank Lora for all of her help. With the two of us working together things seemed to get done faster. Finally, I'd like to thank Mike Sklavos for developing pictures and just putting up with me the whole year.

I hope we've captured some of the memorable moments that should be kept forever, and as you look back through this book, I hope you always remember the great times you had at Turner High School.

Terrie
